2021 PRODUCT GUIDE

THE FRED BEAR WAY

"A tie to history, a reverence for nature, and respect for wild things form the soul of the bowhunter, lacking these he's just pulling strings."

-Paul Bear

Dear Valued Partner,

It's safe to say that 2020 has been unpredictable as we all navigate a new normal together. But the one thing that hasn't changed is our steadfast support for you – our dealers. We continue to work day-in and day-out to assist you in the best way possible through these times of uncertainty. The development of our all-new 2021 lineup from the Bear Archery family of brands is a testament to our commitment to all of you. This year we could not be more excited to introduce our 2021 lineup.

- First up is the Legit. This compound bow is made to legitimately fit all ages and skill levels with a 14" to 30" draw length range and from 10 to 70 lbs. peak draw weight. The RTH Extra Kit features premium Trophy Ridge accessories including arrows, a release and Rocket Broadheads - everything a first-time shooter will need to get out into the woods. This bow is legit.
- The Redemption EKO is our new flagship bow in the Legend Series. This bow is packed with innovative technology like our EKO Technology and all-new Vibration Reduction System (VRS). This system helps stabilize and reduce lingering riser vibration by up to 25% from the motion of shooting an arrow allowing for a smooth and quiet shot.
- As a nod to the classic Whitetail Hunter bow first introduced by Fred Bear in the 1970's, we're introducing the new Whitetail Legend. It was Fred's mission to make archery accessible to everyone by offering his bows at a fair price. That remains a vital component in our lineup today and is exactly what we're doing with the Whitetail Legend compound bow.
- The BearX lineup is getting two incredible additions with the new Impact and Impact CDXV. These two 2021 crossbows are ultra-narrow, incredibly fast, and feature a detachable cocking crank.
- Finally, we're excited to introduce releases to the Trophy Ridge product suite! The new Trophy Ridge lineup has a release option for every shooter, youth to adult.

Your partnership is of the utmost importance to us. We strive to design, build, and deliver the highest quality products in the industry to earn your business. Our team is fully aware of the challenges that are ongoing in the archery industry and we are committed to setting up programs to further benefit you.

Sincerely,

The Bear Archery Team

NEW FOR 2021

Our new offering is guaranteed to have something for everyone. Whether it's our Legend Series bows, Mainline bows, or one of the all new product offerings from Trophy Ridge, this year's offering is by far our best! Our primary goal this year was to develop products that continue to make you successful. Our dedication to you stands, our focus on remaining innovative and delivering new and improved products is unwavering. For 2021, we are proud to continue with the Bear legacy of providing maximum value and performance like no one else in the industry.

PREMIUM PERFORMANCE EXCLUSIVE TO DEALERS

Meticulously engineered and field-proven, we've answered your call to give you the legendary performance synonymous with the Bear Archery and Trophy Ridge name. We've worked tirelessly to design our 2021 lineup featuring ultra-competitive compound bows and sights that up the ante on performance and accuracy that can't be found anywhere else.

REACT® RETALIATE

NEW

AVAILABLE IN:

The all-new Retaliate horizontal 5-pin sight features our exclusive React® Technology and an aluminum mounting bracket for extreme durability. No other sight gives you the speed and precision of the React® sights. Faster to sight in and impossible to be inaccurate, React Technology sights will make you a better shooter!

FEATURES:

- Five .019" horizontal-pin sight featuring innovative React® Technology
- Reduces vibration while maintaining light-weight strength with Ballistix CoPolymer® System
- Make easy corrections with advanced tool-less micro windage and elevation adjustments
- Strengthen accuracy over longer distances with 2nd axis adjustment

TRILOGY

NEW

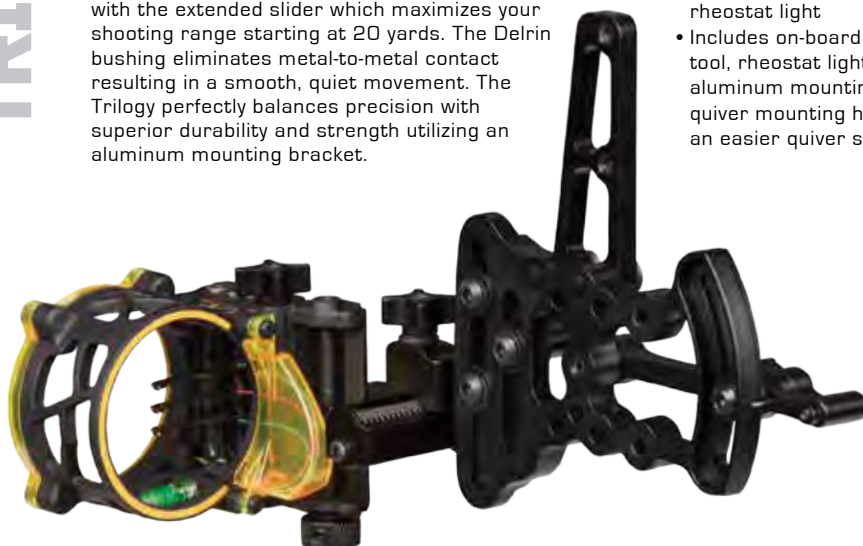

AVAILABLE IN:

Take precision to the next level with the Trophy Ridge Trilogy sight. Each pin is micro-adjustable to consistently provide unparalleled accuracy at all ranges. Yardage adjustments are made with the extended slider which maximizes your shooting range starting at 20 yards. The Delrin bushing eliminates metal-to-metal contact resulting in a smooth, quiet movement. The Trilogy perfectly balances precision with superior durability and strength utilizing an aluminum mounting bracket.

FEATURES:

- Dependable precision with micro-adjustable pins
- Ultimate visibility with ultra-bright .019 horizontal fiber optic pins
- Adjust brightness to suit any shooting condition with the rheostat light
- Includes on-board adjustment tool, rheostat light battery, aluminum mounting bracket and quiver mounting hardware for an easier quiver set up

METICULOUSLY OVER-ENGINEERED FOR TOP-OF-THE-LINE PERFORMANCE

At Bear Archery, we believe in disrupting the price-to-performance ratio and making archery accessible to everyone. Our 2021 line of BearX crossbows includes the all-new Impact series, our narrowest crossbow ever while still delivering high-speed performance at an incredible value. Its narrow dimensions are designed for tight spaces and engineered for top of the line speed, accuracy, and lethal performance.

BearX

\$1,049.99

NEW

IMPACT

Find your target and leave your mark with the all-new Impact from Bear X. This crossbow features an incredibly narrow frame at just 8-1/8" wide when cocked and 12-1/16" uncocked.

TRADITIONAL
BOWS

THE FRED BEAR WAY

More than 85 years ago, a man named Fred Bear decided to follow his passion and start a bow making company. He devoted his life to sharing a respect for nature and all wild things with the world. He believed a quality bow should be accessible to all people no matter your wage. He believed the finest trophies don't always come in harvests, but in memories of fellowship with other bowhunters. We, at Bear Archery, promise to never forget the principles we were founded on – to create an utterly reliable, intensely lethal bow, capable of harvesting game quickly and ethically.

50TH
ANNIVERSARY

TAKE DOWN

First introduced by Mr. Bear in 1970, the Take Down bow was a modern and innovative design that revolutionized the traditional bow industry. Now 50 years later we're honoring that legendary bow with the all-new 50th Anniversary Take Down bow. Available in two model colors in both A and B handles, this legendary bow features a heal horn style grip that has not been in production since 1969. This bow also features the 50th Anniversary logo stamped onto bow commemorating 50 years of the legendary Take Down bow.

\$599.99

The A riser can be paired with Bear limbs to make a 56" or 60" bow

The B riser can be paired with Bear limbs to make a 56" or 60" bow

Heal horn style grip allows for a deep feel and consistent grip

Arrow shelf is 1/8" inch above the grip for a closer arrow to hand trajectory and consistent arrow flight

Available in Black Maple with a phenolic black stripe and Bubinga and phenolic with a phenolic black stripe

Features the 50th Anniversary logo stamped onto bow commemorating 50 years of the legendary Take Down bow

Handcrafted tips are layered with Hard Rock Maple, black and white fiberglass to accommodate modern strings

Black and white Fast Flight Flemish Twist bow string

Limbs are available in two lengths, #1 and #3 limbs

#1 limbs will make a 56" bow on an A riser and a 60" bow on a B riser

#3 limbs will make a 60" bow on an A riser and a 64" bow on a B riser

Mag Riser

We're bringing the beloved 1971 Mag Handle Take-Down back for 2021 with a modern approach. We've paired the all-new Mag Riser with the classic approach of Mr. Bear's Take-Down design for easy transportation with modern technology of a cast aluminum riser for extreme accuracy with every shot.

Cast aluminum riser for extreme accuracy with every shot

Utilizes the famous Take Down system for easy transportation

Adjustable center shot side plate allows for perfect arrow tunings

Includes bushings for stabilizer and quiver accessories

Features

- The A style riser can be paired with #1 limbs to make a 56" bow or #3 limbs to make a 60" bow
- Satin Finish
- Fred Bear Camo and Moss Green

\$399.99

Super Kodiak

After 17 years of production, the Super Kodiak replaced the very popular Kodiak line of bows. Fred Bear used this model bow for many years. Few bows of any kind reward the hunter with such a classic combination of feel, power, and sheer shooting authority.

Limb cores made with maple laminate and overlaid with high-strength black fiberglass

Crowned, cut-on center arrow shelf with leather side plate and bear hair arrow rest

Dynaflight 97 Flemish Twist string

Tips handcrafted and layered with fiberglass

Features

- 60" AMO length

Construction

- Shedua 2-piece riser

Kodiak

Ask around about Bear bows, and you'll hear tales of the legendary 59 Kodiak. Throughout the years, Bear has been asked to "bring it back." Out of respect, we were convinced the 59 Kodiak could never be duplicated. But, like Mr. Bear, we believe in giving people what they want.

Limb cores made with maple laminate and overlaid with high-strength black fiberglass

Crowned, cut-on center arrow shelf with leather side plate and bear hair arrow rest

Dynaflight 97 Flemish Twist string

Tips handcrafted and layered with fiberglass

Features

- 60" AMO length
- Satin Finish

Construction

- White Maple I-Beam
- Purple Heart I-Beam
- Bolivian rosewood riser
- Purple Heart accent
- Grip capped with fiberglass accents

Kodiak Magnum

Modeled after the original, famous Kodiak bow, the Magnum was first introduced in 1961 as a bowhunter's dream due to its short length and ease of maneuverability. The nimble, versatile design struck a chord with hunters who value its blend of agility and power.

Overlaid clear maple limb cores, backed and faced with high-strength "Grayling Green" fiberglass

Crowned, cut-on center arrow shelf with leather side plate and bear hair arrow rest

Dynaflight 97 Flemish Twist string

Tips handcrafted and layered with green and white fiberglass

Features

- 52" AMO length

Construction

- Green maple single piece riser
- Grip capped with green and white fiberglass accents

Supermag 48

In 1966 Bear introduced an effective, comfortable 48” hunting bow, proudly called the Super Magnum 48. Today, it remains a proven performer for those who need a short hunting bow ideally suited for hunting out of ground blinds and tree stands, or as a lethal bowfishing tool.

Limbs overlaid with clear maple and backed and faced with high-strength black fiberglass

Crowned, cut-on center arrow shelf with leather side plate and bear hair arrow rest

Super Grizzly

The Original Super Grizzly was available in the mid-1970s and was reintroduced in 2011 to the delight of archers who prefer a smooth-shooting feel. The Super Grizzly's performance is based, in part, on two layers of lamination in the limbs for a better shooting bow without hand shock.

Double layer maple laminate limbs backed and faced with high-strength black fiberglass

Crowned, cut-on center arrow shelf with leather side plate and bear hair arrow rest

Dynaflight 97 Flemish Twist string

Grizzly

The Grizzly is one legendary bow that has been proving itself since 1950. Mr. Bear made the last design change to the Grizzly in 1964. The value-priced bow is designed for big performance and is a sure shooter for any skill level.

Cheyenne

The Cheyenne was a collaboration between father and son – Grant Neil Byce II, Mr. Bear’s retired master bowyer, and Grant Neil Byce III, Bear Archery’s director of operations. The bow’s length handles the swept-back style limbs of the Take-Down, while the grip is designed to feel full in hand while incorporating the half-moon styling reminiscent of Fred’s favorite bows of the early 60s.

Limb cores made with maple laminate and overlaid with high-strength black fiberglass

Montana

The Montana longbow was first introduced in the late 90s and has become a very popular addition to an already proven lineup. The bow's slightly reflexed design, tapered limb lamination, and new slimmer tips make this longbow big on performance and value.

White maple limbs, backed and faced with high-strength black or brown fiberglass

Leather “shoot off the shelf” arrow rest with supple leather grip and sideplate

Dynaflight 97 Flemish Twist string

Tips handcrafted and layered with black and white fiberglass

Features

- 64” AMO length

Construction

Au Sable

The Au Sable longbow, aptly named after Michigan's famous Au Sable River, was introduced in 2011. It's been well received by longbow enthusiasts due to its reflex/deflex design, larger sight window, full-radiused grip, and cut-on center arrow shelf.

Three layer limbs constructed with a Maple core, overlaid with two layers of Bamboo and backed with high-strength black fiberglass

Supple leather grip and sideplate

Dynaflight 97 Flemish Twist string

Tips handcrafted and layered with black and white fiberglass

Features

- 64" AMO length

YOUTH/REC

THE FUTURE BEGINS HERE

For more than 85 years, Bear Archery has proudly been America's #1 brand in youth and institutional archery. By designing equipment to specifically fit the needs of youth and intermediate shooters, we're working to keep the future of the sport bright for years to come. It's never too early to share Bear with the next generation of archers.

ALL IN ONE ARCHERY CART

The cart is made from rugged 1" 18 gauge steel tubing with an all-weather durable black powder coat, weather resistant zinc plated hardware and 6" diameter heavy-duty, all-terrain molded caster wheels.

Cart Includes:

- (3) Foam targets
- (3) 36" (10 Ring) target faces
- (3) Tripod target stands
- (3) Titan bows
- (3) Firebird bows
- (72) 28" Safetyglass™ vaned arrows
- (6) Armguards
- (6) Shooting gloves (3) medium, (3) large
- (3) Ground quivers
- (1) "ABC's of Archery" manual

ROUND TARGET FACES

These tough, long-lasting skirted target faces are spun with heavy-duty waterproof fabric and screened with a 10 ring multi-colored ink that is weather and UV resistant.

SQUARE TARGET FACES

Target faces are long lasting, weather and UV resistant, and made of heavy-duty waterproof material.

FOAM TARGET

Our best targets are constructed of 100% self-healing foam. Targets are resistant to wear, waterproof, UV resistant, and impervious to insects. These targets are reversible, boosting the life of your targets-offering you better value.

- 10 Ring face included
- Perfect for adult and traditional bows

WHEELED BLACK TARGET STAND

The stand is easy to move, sturdy, and stable with a durable powder coat finish. For use with 36" and 48" targets.

TRIPOD TARGET STAND

This heavy-duty, black powder coated tripod stand is used with 36" targets only.

GROUND QUIVER

The Bear Archery Ground Quiver keeps your arrows visible, safe, and convenient. Made of Steel.

REC CORDURA ARM GUARD

Made with sturdy cordura material, this arm guard is easy to adjust and with a vented design.

LEATHER SHOOTING GLOVE

This premium leather glove features an adjustable Velcro® wrist band for tightening and removal. The over-knuckle design provides air circulation. Available in M, L & XL

REC SHOOTING TAB

Constructed of leather with a felt backing. Available in M & L

SHOOT AROUND ARROW REST

This rest can be attached to the bow using the self-adhesive back. Available in right- or left-hand options.

THE FRED BEAR WAY

More than 85 years ago, a man named Fred Bear decided to follow his passion and start a bow-making company. He was the ultimate sportsman, skilled and respectful of Mother Nature, and he sought to convey those attributes through the most innovative, satisfying, and effective bows ever made. Today, we are proud to continue what Mr. Bear started and our products are still built by hands he instructed. His spirit, vision, and craftsmanship have stood the test of time. So here's to you, Papa Bear. Thank you for setting an example for generations of shooters and for sharing the passion that's still with us today.

TROPHY
RIDGE

**INTELLIGENTLY DESIGNED.
RIGOROUSLY PROVEN.
TOOLS BOWHUNTERS TRUST.**

At Trophy Ridge, we're bowhunters just like you. That's why every one of our products are intelligently designed to give you a distinct advantage, be deadly accurate, and lighter weight. We believe smart, hunt-inspired reasons should be at the foundation of each product's existence. Anything less is a waste of your time and ours. You have enough to worry about on a hunt, your gear shouldn't be one of them. Our tools give you the comfort of knowing you're using the best bowhunting gear made when the time for release finally comes. Trophy Ridge delivers the tools bowhunters trust.

TIME TO RELEASE

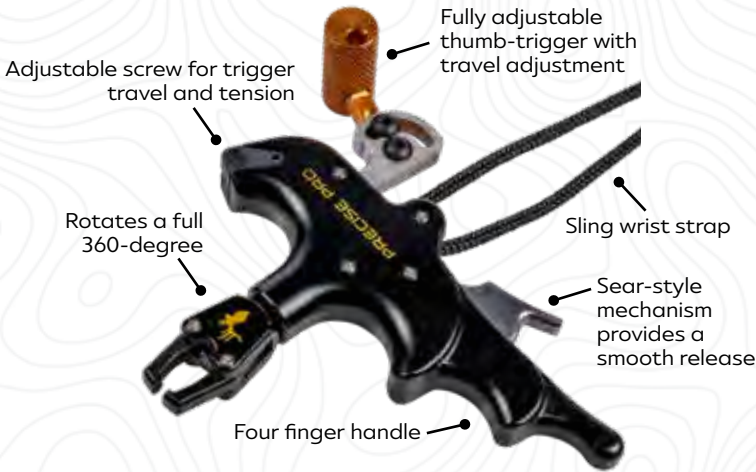

It's a new era for Trophy Ridge. We refuse to stop improving our craft. In 2020, we're introducing an all-new line of high-quality, precision technology archery releases. We encourage you to experience the new era of Trophy Ridge for yourself.

TROPHY RIDGE PRECISE PRO

NEW

The Trophy Ridge Precise™ Pro T Release means pro performance. Its ergonomic 4-finger design allows you to utilize more drawing power while taking advantage of the smooth release provided by the sear-style mechanism. All the pro performance the Precise Pro T Release provides makes the perfect choice for any bowhunter seeking a sear-style T handle release.

TROPHY RIDGE

SPOT ON

NEW

Enjoy spot-on accuracy and performance with the Spot-On Release. Designed with the bowhunter in mind, a durable ball joint connects to a 360-degree swiveling arm that locks into four different positions for unobstructed use while climbing your tree stand, glassing, and loading your next arrow. Find your perfect fit with up to 1" of length adjustment. Fine tune your shot with the fully adjustable trigger travel. Its premium leather buckle strap makes it the perfect choice for bowhunters and target shooters alike.

Single jaw hook style

Trigger travel adjustment for fine tuning

360-degree rotating ball joint provides a smooth release

Up to 1" length adjustment for a custom fit

360-degree swiveling arm that locks into four positions for an unobstructed use

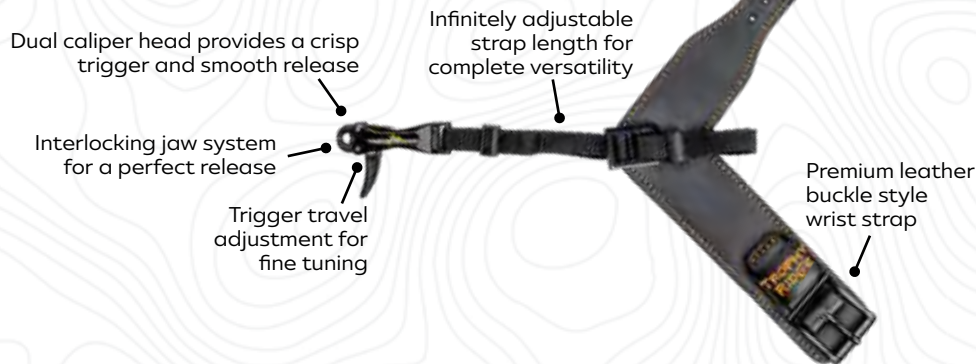

Premium leather buckle style wrist strap

Trophy Ridge

ARCH X

NEW

Draw back and release with confidence with the Trophy Ridge ArchX release. The interlocking jaw system and trigger travel adjustment of the ArchX release provides a crisp trigger and smooth release. The length of the adjustable nylon strap was designed to fit all hand sizes from youth to adult. Its premium leather buckle strap makes it the perfect choice for bowhunters and target shooters alike.

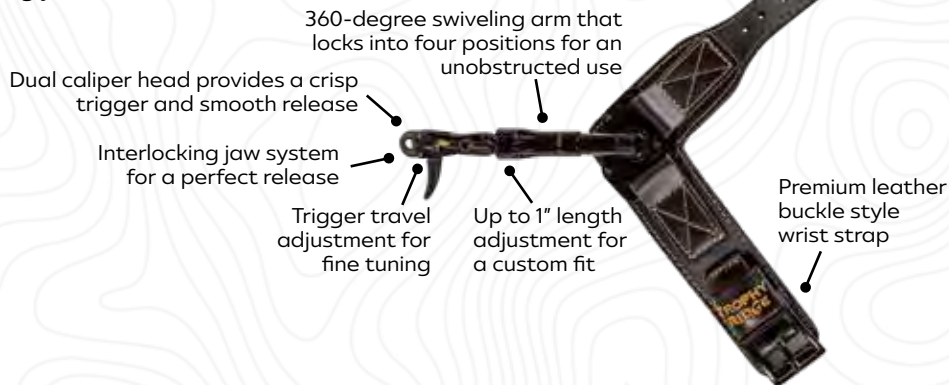

Trophy Ridge

10 RING

NEW

Burn a hole in the yellow or stick it to your prey with the 10 Ring Release. This compact, dual-caliper release was designed with the bowhunter in mind. It features a durable ball joint connection to a 360-degree swiveling arm that can be locked into four positions for unobstructed use while climbing your tree stand, glassing, and loading your next arrow.

Trophy Ridge

REST WELL

Our arrow rests are designed, tested, and made to specifications for the most die-hard bowhunters. When all your hard work and preparation are on the line, we have the tools you can trust when the time comes to hit your mark.

TOP NOTCH CONSISTENCY

V-NOTCH TECHNOLOGY (PATENT NUMBER 10,746,500)

Maker of the world's most-popular arrow rest, the original Whisker Biscuit; Trophy Ridge introduces the **all-new patented** Whisker Biscuit V. The innovative V-Notch naturally centers the arrow using fewer points of contact, eliminating side-to-side arrow movement, resulting in consistent arrow trajectory shot after shot. This arrow rest makes tuning a breeze with its advanced windage adjustment and convenient reference marks giving you incredibly accurate and consistent results time after time.

Included: Blue steel launcher arm in .008, .010, and 0.12

2 PINS & DONE

DOWNRIGHT EASY

At Trophy Ridge, we believe in making archery accessible to everyone without sacrificing quality. As we continue to develop new technologies, we also work to keep our products affordable and versatile for the whole family to use. Our sights are built to be reliable no matter what comes your way.

GETTING REACT® SIGHTED IN

React® sights separate into two main categories – single pin sights with yardage indicators and multi-pin sights. Regardless of what type of sight you choose, sighting it in is easy. Follow the steps below.

REACT® SINGLE PIN

3 EASY STEPS

1. Sight in your 20-yard pin using the advanced tool-less micro-click windage and elevation knobs.
2. Next, step back to 30 or 40 yards and zero your next mark using the elevation drive knob.
3. Turn the master adjustment knob until the pointer on the sight lines up with the corresponding yardage indicator. Once you have 2 yardage marks accurately sighted in, all of your indicators are set.

REACT® ALPHA™

REACT® ONE PRO™ (dovetail option shown)

REACT® TRIO

4 EASY STEPS

1. Ensure that the sight is in the upmost position with the arrow pointing at the first indicator. Sight in the bottom vertical pin at 40 yards using the tool-less micro windage and elevation adjustments.
2. Next, step back to 50 or 60 yards and zero your bottom vertical pin using the elevation drive knob.
3. Turn the master adjustment knob until the pointer on the sight lines up with the corresponding yardage indicator. Once you have 2 yardage marks accurately sighted in, all of your indicators out to 100 yards are set.
4. Return the sight to the upmost position before sighting in the 20 and 30 yd pins. Now sight-in your 20 and 30 yard pins without moving your indicators or your micro windage and elevation.

REACT® TRIO PRO™

REACT® MULTI-PIN

2 EASY STEPS

1. Sight in your 20-yard pin using the advanced tool-less micro-click windage and elevation knobs.
2. Next, step back to 30 yards and zero your next pin at that distance using the master adjustment screw. Once you have 2 pins accurately sighted in, all of your pins are set.

QUIVERS AND STABILIZERS READY FOR ACTION

Our accessories are made by hunters for hunters. Whether it's built-in LED lights, a braided rope for hanging, or a quick attachment design, our tools are the perfect blend of engineering and common sense.

SILENT PURSUIT

At Trophy Ridge, we believe in making archery accessible to everyone without sacrificing quality. As we continue to develop new technologies, we also work to keep our products affordable and versatile for the whole family to use. Our quivers and stabilizers are built to be reliable no matter what comes your way.

TROPHY RIDGE

BLITZ

The Blitz Stabilizer offers vibration dampening and easy installation with a wrist sling and leather mount.

FEATURES

- Vibration dampening rubber and supports balance during shot
- Includes wrist sling and leather mount

TROPHY RIDGE

BLITZ SIDEBAR

The Blitz Stabilizer offers vibration dampening and easy installation.

FEATURES

- Vibration dampening rubber and supports balance during shot
- Ambidextrous for right- and left-hand use
- Solid rod construction improving rigidity and durability

TROPHY RIDGE

HITMAN SIDEMOUNT BRACKET

The Trophy Ridge Hitman Sidemount Bracket quickly attaches and removes all stabilizers like never before. The Sidemount bracket comes with the quick disconnect system which allows for quick attachment and removal of all stabilizers.

FEATURES

- Easily adjustable for all horizontal and vertical directions
- Quick disconnect system allows for quick attachment and removal of stabilizers
- Mounting bracket enhances both forward and side stabilizers positioning

TROPHY RIDGE

STABILIZER WEIGHTS

Fine-tune the weight of your stabilizer and achieve absolute bow balance with the Trophy Ridge Custom Stabilizer Weight Set. By using the included 3" extension rod with 5/16" x 24 threads, add or remove each one-ounce threaded weight until you find the perfect weight and balance configuration. The Trophy Ridge Custom Stabilizer Weight Set fits all Trophy Ridge front or side attaching Hitman and Static stabilizers.

FEATURES

- Set includes (4) one-ounce weights and 3" extension rod with 5/16" x 24 threads
- Constructed of anodized aluminum for long lasting durability
- Designed to use with all Trophy Ridge front or side attaching Hitman and Static stabilizers

TROPHY RIDGE HEX LIGHT

The Hex Light Arrow Quiver features four glowing green LED lights – three on top of the hood and one inside.

FEATURES

- Built-in LED lights illuminate arrows and surroundings in low light
- Soft-touch hood construction reduces vibration and eliminates noise
- Features quick attachment design for fast and easy mounting and detachment
- Adjustable mounting offers low profile against the bow and arrow containment within the bow
- Customizable single or dual arrow grippers
- 5 arrow quiver

- The strength of aluminum but 25% lighter
- Vibration reduction with soft touch Ballistix coating

TROPHY RIDGE 5-SPOT

Leave it on your bow or hang it in a tree. The 5-Spot Quiver allows you to do either with extreme ease and smart design.

FEATURES

- Adjustable dual arrow grippers
- Soft-touch hood eliminates noise
- Quick detach mounting bracket
- Hanging loop

- The strength of aluminum but 25% lighter
- Vibration reduction with soft touch Ballistix coating

TROPHY RIDGE QUIVER BRACKET

Compatible with the following Trophy Ridge models: Hex light, Light Lock, Lite 1, 5 Spot.

Trophy Ridge

WRATH 340

NEW

The Trophy Ridge Wrath 30" arrows are cut to length and include six loose 1" inserts and are constructed of a durable carbon material ideal for hunting, 3D or target practice. Trophy Ridge Wrath arrows are precision sorted for straightness to ensure shot after shot consistency (straightness: +/- 0.006"). Inner dimension measures .246".

FEATURES

- 30" arrow
- Durable carbon construction ideal for hunting, 3D or target practice
- 2" fletching with 2 yellow and 1 white low-profile vanes
- Includes six loose 1" inserts
- Inner dimension measures .246"

NO TIE TRU PEEP

TROPHY RIDGE

The easy to install No Tie Tru Peep eliminates the need for serving in your peep and is locked in place by the ingenious crisscross design. Installation is easy and can be done in a matter of minutes. The No Tie Tru Peep is compatible with all compound bows.

TROPHY RIDGE

NO TIE ALUMINUM TRU PEEP

NEW

The easy to install No Tie Aluminum Tru Peep eliminates the need for serving in your peep and is locked in place by the ingenious crisscross design. Installation is easy and can be done in a matter of minutes. Use a bow press to reduce tension on the bowstring and cables and separate the two strings. Wrap the string along the bottom sidetracks of the peep then through the crisscross pattern before running along the top sidetracks of the peep. Relax the bow press to lock the peep in place and it's ready to go. This bowhunting peep is constructed of aluminum for supreme strength and durability for years to come. The No Tie Aluminum Tru Peep is compatible with all compound bows.

FEATURES

- Ingenious crisscross design eliminates the need to serve in the peep for easy installation
- Crisscross grooves provide secure tie-in
- 3/16" or 1/4" peep housing and 38-degree angle for perfect alignment on every shot
- Aluminum construction provides supreme strength and durability for years to come
- Compatible with all compound bows
- Available as a 1/4" plastic No Tie Tube Peep, with 12" of tube for every beginner

TROPHY RIDGE

NO TIE TUBE PEEP

TROPHY RIDGE

TRU-PEEP

The world's first and favorite peep sight, the Trophy Ridge Tru-Peep is all-aluminum with a legendary design that allows for a perfectly round, shaded hole at full draw. The Tru-Peep eliminates the need for protruding hoods and is kept in place by a reliable safety-tie groove. The Tru-Peep is available in eight sizes and five colors.

BROADHEADS

The logo features the letters 'S I K' in a bold, white, sans-serif font. A red horizontal line with a slight curve passes through the middle of the letters. Below the letters, the word 'BROADHEADS' is written in a smaller, white, sans-serif font.

S I K
BROADHEADS

The logo features the word 'Rocket' in a bold, yellow, italicized sans-serif font. Below it, the word 'BROADHEADS' is written in a smaller, yellow, sans-serif font. The text is set against a dark, textured background that resembles a rifle barrel.

BROADHEADS

BLOOD TRAILS YOU CAN'T MISS AND TROPHIES YOU CAN'T WAIT TO SHOW OFF

Our mission is to make insanely sharp and intensely lethal broadheads to give you the confidence of making a clean, ethical shot every time. SIK and Rocket Broadheads have been designed to give you enormous entry and exit channels leaving behind a blood trail you can't miss. Whether you're looking for the intensity and dependability of the Rocket Meat Seeker or the SIK SK2, backed by Field and Stream's Best New Mechanical Broadhead award, we've got you covered.

PSYCHO

The Psycho broadhead is an animal's worst nightmare. Constructed of strong stainless steel, the three .035" laser sharpened stainless steel blades maximize damage by producing a large 1-1/4" cutting diameter. The solid one-piece stainless steel machined ferrule design maintains its accuracy and integrity shot after shot and features a bone-crushing hybrid tip.

HIT OR MISS. BIG OR SMALL. OUR EQUIPMENT IS DESIGNED TO HANDLE IT ALL.

We're bowfishers just like you. We live for that feeling we get in the pit of our stomachs when the swirl of the water reveals a record-breaking beast so close, we can almost feel the fight it's about to put up. We were made for this. And, everything we make is made for you. At Cajun Bowfishing, we do everything we can to push the envelope to make sure everyone's bowfishing experience is as enjoyable as ours is, summer after summer. Our equipment is ruggedly field tested to meet the highest standards, our products are backed by our No Refraction Warranty and we create usable technology available to everyone.

MACHINED & ANODIZED
aluminum spinning reel seat

- Machine anodized hoods make this our toughest reel seat
- Screws into the bow stabilizer bushing
- Threaded end provides for a fishing rod attachment

GLASS fishing rod

- Compatible with Aluminum Spinning reel mount and Machine Anodized reel seat

ALUMINUM
spinning reel mount

- For mounting a spin-casting reel to the bow stabilizer bushing
- Threaded end provides for a fishing rod attachment

PRO SLIDES
arrow slides

- Helps prevent arrow snap back from tangled lines by keeping the line in front of the arrow rest at all times
- Single attachment point makes changing arrows much easier
- Larger slide prevents pass through to hold fish more effectively
- Designed for use with 5/16" diameter shafts
- Includes resilient slide, hard stop and stainless steel mounting screw

5 pack

CAJUN PREMIUM
bowfishing line

- 25-yard spool of premium fishing line
- Smaller diameter than most bowfishing line, but significantly stronger
- Superior resistance to wear or breakage
- 250 lb. test

SLIDE RINGS
arrow slides

- Stainless steel rings are perfect for all types of water conditions
- Small footprint allows these rings to be used where space is limited

EVERYTHING YOU NEED TO COMPLETE THE EXPERIENCE

Whether you're in the field, the backyard, or hanging with your buddies - gear up for your next adventure with your favorite merchandise. Stock up on everything from hats, shirts, and sweatshirts all the way to coffee mugs, decals, and LED signs for the ultimate man cave experience.
